GREAT FLOORING · INVINCIBLE PERFORMANCE

LUXURY VINYL FLOORING

INVICTUS®

Great Flooring, Invincible Performance

When it comes to delivering a great performance, nothing beats Invictus® luxury vinyl flooring. The name is no coincidence: in Latin, “invictus” means “invincible”. Invictus® luxury vinyl flooring is sure to meet all your expectations.

Your Invictus® luxury vinyl floor will be a striking style feature in your home. Choose from a large variety of designs – including true-to-nature wood planks and realistic stone look tiles, or make a bold statement with an intricate pattern.

Invictus® exclusively benefits from Scratchmaster®. This top layer will make your luxury vinyl floor withstand busy family life with kids and pets.

The planks and tiles of Invictus® are easy to handle and install, extremely wear-resistant and require little maintenance.

Invictus® is waterproof and therefore never out of place, not even in your kitchen, bathroom or hall.

Invictus® contributes to creating a relaxing environment. It is silent underfoot and greatly improves the acoustic qualities of your home.

THE STRENGTHS OF INVICTUS® LUXURY VINYL FLOORING

Because it's waterproof, Invictus® luxury vinyl flooring is perfectly suited for your bathroom, kitchen and hall. And for any other room, naturally.

Caring for your Invictus® luxury vinyl floor is as easy as it gets: a damp mop will do. And for daily maintenance, the Invictus® Starter Pack contains all you need.

Invictus® luxury vinyl flooring offers nothing but invincible benefits. It will meet all that you expect of a great floor, delivering on all the important characteristics.

On top of these benefits, some Invictus® luxury vinyl floors have specific features. Find out more on these features on the product pages and let them guide you towards the best fitted floor for your home. All technical specifications are also available on the website www.invictus.eu.

Invictus® luxury vinyl flooring products are 100% recyclable and reusable. They can be part of vinyl flooring take-back programmes with the goal to recycle them into new flooring or other useful products such as rubber hoses, car mats and speed bumps.

Invictus® luxury vinyl flooring is a family's best companion. It's hygienic, wear-, scratch- & stain-resistant, and requires little maintenance.

Invictus is the pet friendly flooring par excellence, operating as a barrier against stains and fine scratches from our furry friends.

With its ultra-strong coating and highly efficient top layer, Invictus® luxury vinyl flooring offers outperforming wear protection. The Scratchmaster® top layer will make your luxury vinyl floor withstand busy family life with kids and pets.

Invictus® luxury vinyl flooring and AW carpet are a perfect match. When great comfort meets great performance, it will transform your home.

Invictus® luxury vinyl flooring and underfloor heating go together well. With the right installing guidelines, you'll be enjoying a warm feel underfoot in no time.

Invictus® Primus Dryback and Primus Click perform so well, that they come with a 20-year residential warranty. Invictus® Maximus Dryback and Maximus Click deliver an extraordinary performance and benefit from a 25-year warranty.

Designs so lifelike, they will have you look twice. From natural wood look to striking stone tile pattern, there's an Invictus® luxury vinyl floor for all decorating styles.

Whether on socks or in shoes, you will always walk silently on an Invictus® luxury vinyl floor. It indeed is incredibly silent underfoot.

What's better than unwinding in the tranquility of your own home? Your Invictus® luxury vinyl floor contributes to a silent and relaxing environment.

SPECIFIC FEATURES OF INVICTUS® LUXURY VINYL FLOORING

On top of the general benefits, some Invictus luxury vinyl flooring have specific features, such as: Embossed in register, Infinite repeat and XL planks. On the product pages these are clearly indicated. These unique characteristics reinforce the look & feel of the design & are sure to be the highlight of your interior.

All technical specifications are also available on the website www.invictus.eu.

Infinite repeat

The extra large design results in minimal pattern repetition, giving a truly unique & natural look to any space.

Embossed in register

In register embossing follows the wood design of your Invictus® floor, thus giving it depth and an exceptionally realistic look.

XL planks

The XL planks make the best of the attractive pattern. The dimensions of the planks increase the feeling of grandeur and will not fail to impress.

INVICTUS® LUXURY VINYL FLOORING: THE IDEAL CHOICE FOR COMMERCIAL USE

For commercial purposes as well, Invictus® luxury vinyl flooring is the ideal choice. Designed to withstand even the heaviest commercial use – such as care, hospitality, office and retail environments – Invictus® Maximus Dryback and Maximus Click are sure to fulfill all technical requirements.

RETAIL

In your shop, the floor has just one part to play: creating the perfect setting for your carefully chosen collection to shine. Invictus® luxury vinyl flooring is happy to contribute to your sales success. With near-limitless design options, colours and laying patterns, there's always an Invictus® floor to complement the look and feel of your brand. And you'll certainly also appreciate the durability and easy maintenance of Invictus®.

CARE

For all ages and all needs: care means comfort. Trust Invictus® flooring to be up to the task, from calming the atmosphere at a health spa or creating a safe environment for the elderly, to safeguarding youngsters playing without a care in the world. Invictus® luxury vinyl flooring is durable, slip resistant, silent underfoot and easy to care for. Plenty of qualities sure to give you the peace of mind to focus on what counts for you: caring for your guests.

OFFICE

In office spaces, the floor has to keep up with everyone's busy schedule. Teams gather for brainstorming sessions; clean desks inspire creativity and "aha" moments occur naturally in the coffee corner. Invictus® luxury vinyl flooring will be a stalwart silent witness to it all. It's silent underfoot for a tranquil working environment, slip resistant, easy to maintain and exceptionally durable thanks to the Scratchmaster® wear protection.

HOSPITALITY

When dining out or spending a weekend at a B&B, the experience is everything. You want to offer your guests an unforgettable moment away from it all. There are plenty Invictus® designs to complement your chosen concept, from country haven to urban sophistication. Or choose an intricate laying pattern for that extra touch of exclusivity. As a hospitality expert, you will also appreciate the wear resistance and easy maintenance of Invictus® luxury vinyl flooring.

WHICH INVICTUS® LUXURY VINYL FLOOR SHOULD I CHOOSE?

Invictus® luxury vinyl flooring has many options to choose from, in four ranges: Invictus® Maximus Dryback, Maximus Click, Primus Dryback and Primus Click. The best choice for your home? It all depends on both your design dreams and installing preferences.

PRODUCT COMPOSITION Rigid core SPC vinyl flooring

INVICTUS® CLICK IS A RIGID CLICK LUXURY VINYL FLOORING

Invictus® Maximus Click and Primus Click are luxury vinyl flooring to be installed using the click system. The outstanding rigid material of Invictus® Click is a far cry from seemingly similar but lesser quality products, and therefore guarantees an unseen level of dimensional stability.

Full details on Invictus® Dryback on page 60.

The advantages of Invictus® Click luxury vinyl flooring:

- ✓ Thanks to its high locking strength and dimensional stability, it is a favourite with professional installers and DIY enthusiasts alike. The click system makes the rigid wood design planks and stone look tiles easy to install – and to remove, should you wish to reuse your floor elsewhere. Installation does not require the use of specialized tools: a utility knife is all you need.
- ✓ With Invictus® Click planks or tiles, preparing the subfloor is superfluous. The rigid material is very forgiving and will hide tile joints and most imperfections such as cracks and high and low spots. The result is a perfectly smooth surface.
- ✓ Invictus® Maximus Click has an attached underlay, that enhances the acoustic benefits of your floor. On top of that, the underlay helps even out subfloor imperfections.
- ✓ Invictus® believes in sustainability: Invictus® Click planks and tiles contain more than 20% of recycled production waste, reducing the need for raw materials

MAXIMUS® CLICK COLLECTION

Invictus® Maximus consists of luxury vinyl planks and tiles with a wear layer of 0.55mm to be installed using the click system. They offer excellent wear resistance and durability, which makes them suited even for heavy commercial use such as care, hospitality, office and retail.

The outstanding rigid material of Invictus® Click is a far cry from seemingly similar but lesser quality products, and therefore guarantees an unseen level of dimensional stability.

WHICH INVICTUS® LUXURY VINYL FLOOR SHOULD I CHOOSE?

Invictus® luxury vinyl flooring has many options to choose from, in four ranges: Invictus® Maximus Dryback, Maximus Click, Primus Dryback and Primus Click. The best choice for your home? It all depends on both your design dreams and installing preferences.

PRODUCT COMPOSITION Dryback vinyl flooring

INVICTUS® MAXIMUS DRYBACK AND PRIMUS DRYBACK

Invictus® Dryback luxury vinyl flooring comes in two ranges:

- 1 **Invictus® Maximus Dryback** consists of luxury vinyl planks and tiles with a wear layer of 0.55mm. They offer excellent wear resistance and durability, which makes them suited even for heavy commercial use such as care, hospitality, office and retail.
- 2 **Invictus® Primus Dryback** stands for luxury vinyl planks and tiles with a wear layer of 0.30mm. They offer excellent value for money and are designed to effortlessly withstand the challenges of daily family life.

The advantages of Invictus® Dryback luxury vinyl flooring:

- ✓ It is the professional installer's premium choice. Whether consisting of wood design planks or stone look tiles, Dryback flooring will offer a superb performance for many years to come. The floor is glued directly to the subfloor, resulting in exceptional dimensional stability.
- ✓ No decorating wish remains unfulfilled: create original patterns or add embellishments like feature strips for a tone-on-tone or contrasting grout effect. The result is a stunning floor in either wood or stone design, that will have you look twice.
- ✓ Dryback flooring is the ideal solution for installing on top of an existing floor. Installation of the planks and tiles on a leveled floor is easy, dust free and does not require the use of specialized tools: a utility knife is all you need. And no need to adapt the doors: because of its limited thickness, your new floor will easily fit underneath.

Full details on Invictus® Rigid Click on page 20.

INSTALLING YOUR INVICTUS® LUXURY VINYL FLOOR

No hassle, no waiting time ... Installing Invictus® luxury vinyl flooring is quick and easy, and dust free on top of that. The best guarantee for an impeccable Invictus® floor is to have it installed by a professional. Your preferred retailer will be glad to advise you and will make sure that the appropriate installing conditions are met. If you wish to rely on your own DIY skills, choose Invictus® Click.

Before installing Invictus® luxury vinyl flooring:

- ✓ With Invictus® Dryback, it is crucial to check the condition of the subfloor. Cracks should be filled, and bumps sanded. Another option is to install a plywood underfloor to obtain a perfectly even surface. When installing Invictus® Click, you may skip the preparation of the subfloor. The rigid click planks or tiles will hide tile joints and most imperfections.
- ✓ For commercial use, you may enhance the inherent acoustic benefits of your Invictus® Maximus floor with an extra underlay. No need for an underlay with Invictus® Maximus Click: it already has an underlay attached to the planks and tiles.
- ✓ Allow 24 hours for the Invictus® planks or tiles to acclimate before installation. Stack the packs horizontally on top of each other in the room the floor will be installed in.
- ✓ When installing Invictus® flooring on underfloor heating, please refer to the technical information sheet for detailed instructions.

Installing Invictus® luxury vinyl flooring:

- ✓ Mixing planks or tiles from different packs is your best guarantee for a harmonious look in design and colour on the entire floor.
- ✓ Invictus® Primus Dryback and Maximus Dryback are to be glued down. Your retailer will select the best fitted glue for your floor.
- ✓ Invictus® Primus Click and Maximus Click planks and tiles are rigid and have an integrated click system, for easy installing without the use of any adhesives. Because it is a floating floor, you should allow an expansion gap of 8mm near all walls.

INVICTUS® STARTER PACK

Keep your Invictus® luxury vinyl floor in mint condition

All you need to keep your Invictus® luxury vinyl floor in mint condition for years to come, is one small box: **The Invictus® Starter Pack.**

Right after installing

You may want to unpack the Starter Pack right away and take out the Invictus® PU cleaner to eliminate all traces of the installing. We advise you to also use Invictus® Floor Mat to apply an extra matt anti-slip protective finish.

Regular cleaning

The Invictus® Starter Pack is ideal for regular cleaning. When mopping the floor – remember, it is waterproof –, make sure to dilute some Invictus® PU Cleaner in the water. It will remove all traces of regular family life, like dirt and shoe marks, without leaving any residue. To quickly refresh your floor, use diluted Invictus® Floor Mat.

Tips & tricks

With Scratchmaster®, there's little risk of scratching your Invictus® floor. Still, you can further minimize the risk: fit your furniture and chairs with the gliders available in the Starter Pack, and lift instead of dragging when moving furniture. To avoid staining – even if unlikely – it's a good idea to wipe away spills as soon as they happen.
