

PIXEL41

DON'T FORGET TO PLAY.

41 colori. Abbiamo creato un'ampia gamma cromatica per progettare infinite soluzioni. Innumerevoli le atmosfere che si possono creare con questa collezione: motivi anni 40, videogiochi anni 80, equalizzatori di musica Techno, piscine sovietiche. È un'alternanza di combinazioni pop e classiche, giochi geometrici, schemi monocromatici e astratti, toni freddi e toni caldi. È il momento del colore. 11,55x11,55 è il formato che permette al prodotto di essere interpretato come singola piastrella o maxi mosaico. Bordi irregolari, angoli lievemente arrotondati, planarità variabile, superficie delicatamente strutturata, particolarità che donano al prodotto un aspetto fortemente artigianale, da utilizzare sia come rivestimento sia come pavimento, interno ed esterno. Realizzare nuove trame non è mai stato tanto divertente. Per questo motivo abbiamo aggiunto un simulatore al nostro sito web, per dare la possibilità di ricreare, sulla base di 20 diversi modelli ripetibili, la combinazione di toni che preferite.

Don't forget to play!

41 colors creating a wide chromatic palette for an infinite number of design solutions. This collection recalls the most various images: the graphic patterns of the 40s, the videogames of the 80s, Techno music equalizers, the look of Russian swimming pools. Pixel 41 results from the merging of pop and classic combinations, geometric games, monochromatic and abstract patterns, cold and warm tones. The time of colors has come. The 11,55x11,55 (5"x5") format gives the chance to interpret this product both as a single tile as well as the piece of an over dimensioned mosaic. The artisanal look of Pixel 41 is given by its basic characteristics, such as the irregularity of the borders, the slightly rounded edges, and the unevenness of the surface. Pixel 41 is to be used anywhere, from wall decoration to floor paving, from interiors to the outdoors. Creating new patterns has never been this much fun and hopefully it will be the same for you. That's why we decided to add a simulator to our website, so that you can have fun with our 20 different repeatable models to recreate the tone combinations you prefer.

Don't forget to play!

Pixel 41 è puro colore, ed è proprio il colore a cambiare le carte in tavola. Abbiamo voluto evidenziare questo aspetto studiando vari abbinamenti per un unico pattern. Le possibilità sono innumerevoli.

Pixel 41 is pure color, and color is what turns the tables. We decided to stress this point by designing various combinations for a single pattern. The possibilities are countless.

TECHNICAL DETAILS

PIXEL41

TECHNOLOGY PORCELLANATO SMALTATO - GLAZED PORCELAIN

FINISH OPACO - NATURAL

SIZES 11,55x11,55 5"x5"

THICKNESS 10 MM

Al prodotto viene conferito un aspetto artigianale grazie a irregolarità di bordi, planarità variabile, angoli smussati e superficie strutturata. Quest'ultima, a seconda del colore dello smalto, può assumere in controluce un aspetto più o meno opaco. Lo stesso calibro tra le varie referenze non è sempre garantito. Consigliamo una fuga di 3/4 mm adatta a prodotti naturali. I colori sono riconducibili alla scala cromatica NCS.

A handcrafted look is given to the product through edge irregularities, variable flatness, rounded corners, and textured surface. Depending on the color of the glaze, the surface can take on a more or less opaque appearance against the light. The same caliber between tiles is not always guaranteed. We recommend a joint of 3/4 mm suitable for natural products. Colors are consistent with the NCS color scale.

PIXEL41 CONFIGURATOR

Pixel 41 è una collezione dalle infinite possibilità realizzative, abbiamo sviluppato un simulatore con 20 differenti schemi di posa, volutamente scelti a trama ripetibile per poter dimostrare come può cambiare la resa di un singolo pattern modificandone solo il colore del prodotto e dello stucco. Facilmente accessibile attraverso il nostro sito web, all'interno della collezione Pixel 41, oppure digitando su internet pixel.41zero42.com, si potrà personalizzare il modello selezionato, con conteggio finale automatico del numero di pezzi, scatole, metri quadrati e sfrido necessario a realizzare la propria composizione. Il conteggio sarà della metratura richiesta, avendo inserito precedentemente le dimensioni che si vogliono ottenere, ma l'area massima visualizzabile di posa sarà di 500x500 cm - base x altezza. Inoltre potrai visionare gli ultimi 41 schemi realizzati precedentemente.

Pixel 41 is a collection with an infinite range of possibilities, that's why we have developed a simulator with 20 different laying patterns, deliberately chosen with repeatable patterns in order to demonstrate how the performance of a single pattern can be changed through the simple modification of the color of the product and the grout. You can easily access it through our website, as part of the Pixel 41 collection, or by typing pixel.41zero42.com on the internet. Thanks to the simulator, you can customize the selected model with an automatic final count of the number of pieces, boxes, square meters, and scrap needed to make your composition. The count will be of the required square footage, having previously entered the dimensions you want to obtain, but the maximum viewable area of laying will be 500x500 cm - base x height. Furthermore, you will be able to see the last 41 schemes previously realized.
