

Decor Frame • Complementi d'arredo per tutti gli ambienti
/Furnishing accessories for all environments

I Decor Frame **Allurex Gold®**, **Allurex Silver®** e **Lumafame®**, rappresentano la rivoluzione dei classici quadri trasformati in un vero e proprio complemento d'arredo in quanto possono essere posizionati o semplicemente appoggiati su qualsiasi tipo di superficie rendendola luminosa e scenografica. La linea Decor Frame di NC Design group® si presenta come una collezione dalla geometria precisa e dal profilo pulito, perfetta per donare un tocco personale a un design semplice e lineare.

Questi complementi d'arredo si distinguono per la selezione delle immagini in collaborazione con "Archivio Scala" e "Bridgeman Images" e per la stampa R-type su ALLUREX® e PLEXIGLASS®, che ne esalta le sfumature ed il carattere del soggetto raffigurato.

La versatilità dei materiali permette ai Decor Frame di far risaltare qualsiasi ambiente e di adattarsi alle diverse esigenze garantendo un costante gioco di luci, colori e prospettive.

Decor Frame

The Decor Frames **Allurex Gold®**, **Allurex Silver®** and **Lumafame®** represent the revolution of classic artworks transformed into a furnishing accessory. They can be positioned or simply placed on any type of surface making it bright and scenographic.

The Decor Frame line by NC Design group® is characterized by geometric shapes and sharp profiles, perfect to give a personal touch to simple yet carefully-planned design.

The added value of Decor Frames is the selection of images in collaboration with "Archivio Scala" and "Bridgeman Images" and the R-type print on ALLUREX® and PLEXIGLASS®, which highlights the shades and character of the subject.

The versatility of the Decor Frame materials allow them to stand out in any environment and to be able to satisfy different needs guaranteeing a constant play of lights, colors and perspectives.

**Informazioni tecniche/
Technical informations**

Allurex Gold®

Allurex Gold® è una stampa ad alta qualità fotografica su lastra Allurex - alluminio di pregio - con ossidazione anodica oro, lavorazione che protegge il materiale dalla corrosione e dona una satinatura in grado di risaltarne le caratteristiche. La cornice, dalla stessa finitura oro, presenta un bordo frontale di 5mm e uno spessore di 40mm.

Allurex Gold® is a HQ print on Allurex panel - high-quality aluminium - with Gold® anodic oxidation, which prevents from corrosion and adds a satin finish, emphasising the characteristics of the product. The frame (5mm frontal edge, 40mm thick) is of the same Gold® colour.

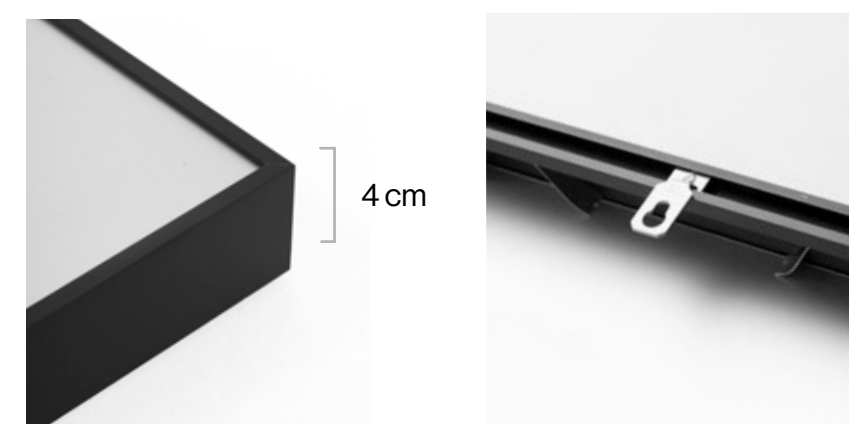

**Sistema di appesa/
Hanging system**

Allurex Silver®

Allurex Silver® è una stampa ad alta qualità fotografica su lastra Allurex - alluminio di pregio - con ossidazione anodica argento, lavorazione che protegge il materiale dalla corrosione e ne risalta le caratteristiche. La cornice, verniciata a polvere per ottenere un elegante colore nero satinato, presenta un bordo frontale di 5mm e uno spessore di 40mm.

Allurex Silver® is a HQ print on Allurex panel - high-quality aluminium - with Silver® anodic oxidation, which prevents from corrosion and emphasises the characteristics of the product. The frame (5mm frontal edge, 40mm thick), is powder coated to obtain an elegant satin black colour.

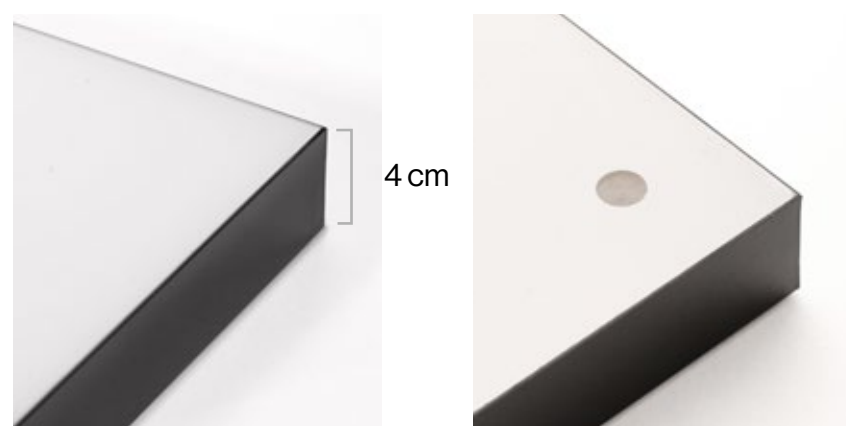

**Sistema di appesa/
Hanging system**

Lumaframe®

Il Lumaframe® si presenta come un pannello a sandwich (stratificato) con bordo nero lucido e spessore di 40mm con finitura frontale in Plexiglass® Rohm antigraffio, lucido e anti-ingiallimento, stampato ad alta qualità fotografica. Il retro del quadro è preforato per l'eventuale applicazione a parete.

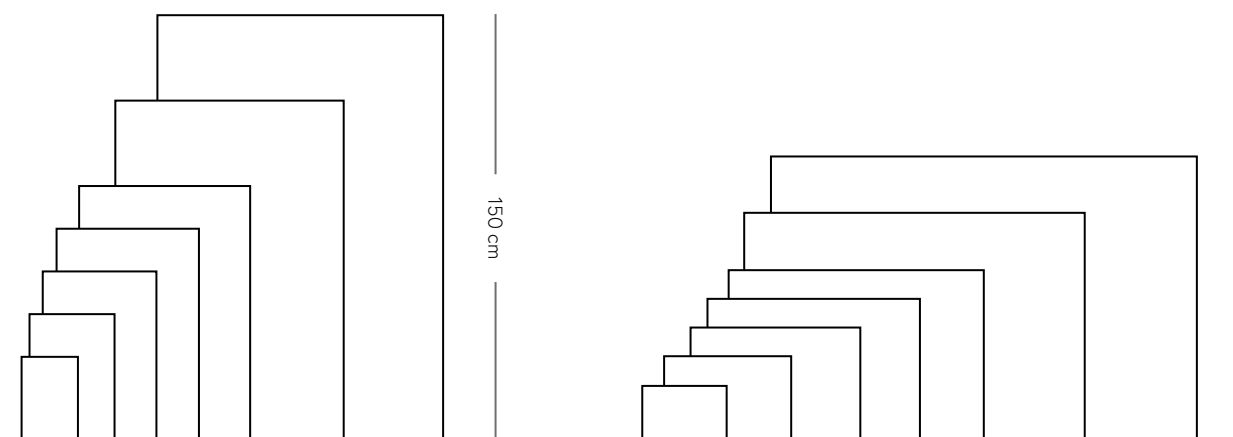

Lumaframe® is a sandwich-structured composite with shiny black edges (40mm thick) and frontal scratch-resistant, shiny and anti-yellowing Plexiglass® Rohm layer, printed in HQ. A hole can be found in the back to hang the frame if needed.

**Sistema di appesa/
Hanging system**
