TAGMI STUDIO

“Partiamo sempre dalla rielaborazione di ciò che ci circonda per poter arrivare alla sintesi di qualcosa di nuovo”.

Poligonia Collection nasce da questa riflessione che sta alla base del nostro percorso creativo e dal desiderio di creare, attraverso un dettaglio unico, una collezione dal carattere deciso e distinguibile.

Riprendendo il tratto distintivo del poligono, con estrema attenzione per le proporzioni, siamo giunti ad una scomposizione e ricomposizione di volumi. La semplicità e la geometria di poligonia creano linearità ed eleganza in una forma senza tempo
