La sezione **KIDS porta l'immaginazione alle pareti di qualsiasi ambiente, non solo di quelli destinati ai più piccoli: è pura fantasia. Racconti di mondi fantastici e scenari suggestivi, spesso stravaganti, di luoghi incantati e creature misteriose animano le pareti con immagini gioiose, motivi allegri, soggetti originali con colori che spaziano dai toni pastello a cromie più accese e vivaci.**

The **KIDS** section brings imagination to life on the walls of any environment, not just those intended for children.

This section is filled with pure fantasy, including tales from imaginary worlds, thought-provoking and often extravagant scenarios, enchanted places, and mysterious creatures. These imaginative designs bring joy to any space with cheerful motifs, original scenes, and a range of colors, from pastels to bright and vibrant hues.

The logo features the word 'KIDS' in a bold, black, sans-serif font. The letter 'K' is particularly large and stylized. A thick red diagonal bar is positioned to the left of the 'K'. Below the 'KIDS' text, the letters 'q' and 's' are visible in a similar bold, black font, suggesting the word 'kids'.
