 **BRUMA**
THE FLOWING ART

Bruma Brightest

O processo de cromagem da BRUMA segue um rigoroso método de controlo de qualidade denominado de Brightest.

Este processo, sempre acompanhado pelos nossos engenheiros, permite obter um acabamento com um brilho intenso, duradouro e resistente.

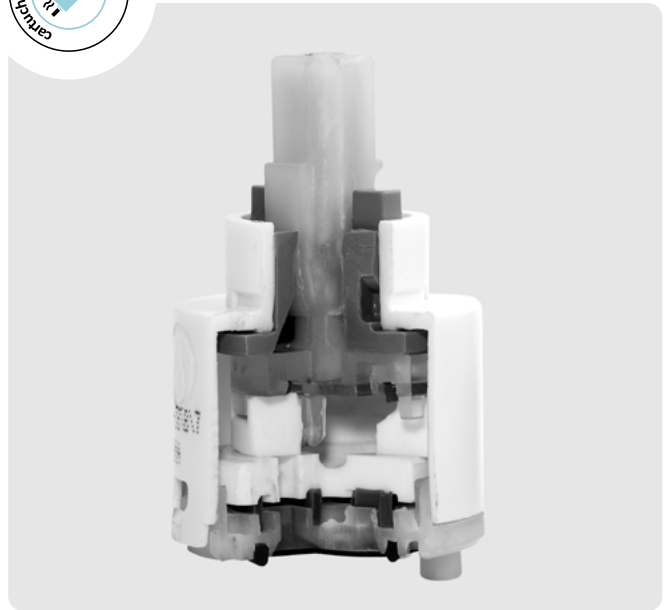

Investimentos contínuos em equipamentos de avançada tecnologia permitem-nos ter a certeza que, o cromado de um produto Bruma mantém o seu brilho original por muitos anos, cumprindo em toda a sua plenitude a função de proteger e embelezar a torneira.

BRUMA chrome plating process follows a rigorous quality control procedure called Brightest. This process is accompanied by our engineers and results in an intense brightness, lasting and resistant finishing. Continuous investments in technologically advanced equipments, offers us the assurance that the chrome plating of Bruma products keep their original brightness for many years, and therefore protecting and decorating the faucet.

Le procédé de chromage de Bruma suit une méthode de contrôle de qualité très précise, appelée Brightest. Ce procédé, qui est toujours accompagné par nos ingénieurs, permet d'obtenir un finissage d'un éclat intense, durable et fort.

Des investissements continus en équipements de la plus moderne technologie nous permettent d'être sûrs qu'un produit Bruma chromé maintient son éclat le long du temps, en accomplissant pleinement la fonction de protéger et embellir le robinet.

El proceso de cromado de BRUMA sigue un riguroso método de control de calidad que se llama Brightest. Este proceso, siempre vigilado por nuestros ingenieros, permite obtener un acabado con un brillo intenso, duradero y resistente. Inversiones continuas en equipos de tecnología avanzada nos permiten estar seguros de que el cromado de un producto Bruma mantiene su brillo original por muchos años, cumpliendo, en toda su plenitud, la función de proteger y embellecer al grifo.

Bruma Smooth Breeze

Desenvolvemos em exclusividade a produção do cartucho Smooth Breeze.

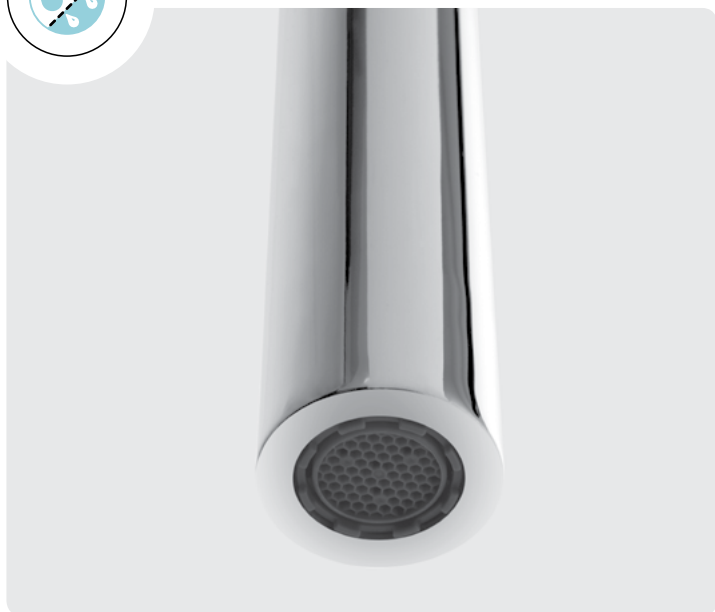

A utilização deste cartucho permite uma movimentação suave e precisa do mecanismo da torneira, como se de uma brisa se tratasse.

A eficácia no funcionamento e a qualidade tecnológica dos materiais usados na concepção possibilitam esta sensação de suavidade e a regulação da temperatura torna-se num acto sensorial de puro prazer.

We have exclusively developed the creation of the Smooth Breeze cartridge. This cartridge enables a smooth and precise movement of the faucet's handle, resembling a breeze. The efficiency of its movements and the technological quality of the materials used in its construction provide a sensation of smoothness, as the temperature regulation becomes a sensory act of sheer pleasure.

Nous avons développé, en exclusivité, la production de la cartouche Smooth Breeze. L'utilisation de cette cartouche permet, en même temps, un mouvement doux et exacte du mécanisme du robinet, comme s'il s'agissait d'une douce brise. L'efficacité dans le fonctionnement et la qualité technologique des matériaux utilisés dans la conception rendent possible cette sensation de douceur et le réglage de la température devient un acte sensoriel de pur plaisir.

Desarrollamos la producción exclusiva del cartucho Smooth Breeze. La utilización de este cartucho permite un mover suave y preciso del mecanismo del grifo, como si se tratara de una brisa. La eficacia en el funcionamiento y la calidad tecnológica de los materiales utilizados en la diseño posibilitan esta sensación de suavidad y el ajuste de la temperatura se vuelve un acto sensorial de puro placer.

Bruma EcoDrop

Para a Bruma a poupança de água é, mais do que uma preocupação, é uma obrigação.

Todas as nossas torneiras estão equipadas com sistemas de controlo de caudal que, misturando ar com a água, transmitem a mesma sensação de conforto de um grande caudal, mas usando uma quantidade menor de água. A Bruma coloca ainda ao dispor dos gestores de projectos, diversas soluções à medida que permitem controlar o caudal ou temperatura da água, de acordo com as características, necessidades e aspirações desses mesmos projectos.

Desta forma, facilitamos e promovemos uma utilização racional da água e da energia necessária ao aquecimento da mesma. Isto traduz-se num acto de poupança de água, energia e dinheiro.

Somos o primeiro produtor português a desenvolver e promover torneiras em aço inoxidável com a preocupação de proteger o meio ambiente.

Os modelos Inox, que se destinam à cozinha, não transferem sabor ou elementos tóxicos para a água e são 100% recicláveis. São características principais do aço inoxidável a resistência, a fácil manutenção e o aspecto moderno.

For BRUMA saving water is more than just a concern, it is our obligation. All our faucets are equipped with systems that save water by reducing the water flow and by adding air to the water stream, while producing a soft touch and non-splashing sensation. BRUMA works closely with project managers, tailoring solutions specifically to the unique requirements of the consumer or characteristics of their project. By offering solutions for flowrate and hot water control, it's much easier to promote energy efficiency and a rational use of water.

Pour Bruma l'épargne d'eau est, plutôt qu'un souci, une question de devoir. Tous nos robinets sont équipés de systèmes de contrôle de débit, lesquels, en ajoutant de l'air à l'eau, proportionnent la même sensation de confort d'un grand débit, en utilisant, cependant, beaucoup moins d'eau. Bruma met encore à disposition des gestionnaires de projets, plusieurs solutions sur mesure qui permettent de contrôler le débit ou la température de l'eau, selon les caractéristiques, besoins et aspirations de ces projets. Ainsi, nous rendons facile et nous promovons une utilisation rationnelle de l'eau et de l'énergie nécessaire à son chauffage. Cela se traduit en épargne d'eau, d'énergie et d'argent.

Para Bruma, el ahorro de agua es, más que una preocupación, una obligación. Todos nuestros grifos están equipadas con sistemas de control de caudal que, al mezclar el aire con el agua, transmiten la misma sensación de confort de un gran caudal, pero utilizando una cantidad de agua que es menor. Bruma también pone a disposición de los directores de proyectos, distintas soluciones, a la misma vez que permiten el control del caudal o de la temperatura del agua, de acuerdo a las características, necesidades y objetivos de esos proyectos. Así, facilitamos y promovemos una utilización racional del agua y de la energía necesaria a su calentamiento. Resulta en un ahorro de agua, energía y dinero.

Bruma Air EcoDrop

O sistema BRUMA AirEcoDrop proporciona uma poupança de água de 30%.

Quando a água é injectada no chuveiro, o ar mistura-se com a água, libertando um elevado número de iões de oxigénio - 1 litro de água mistura-se totalmente com 3 litros de ar. A queda da água será cada vez maior e progressivamente mais leve, simulando o revigorante efeito da chuva a deslizar sobre a pele. Com a mesma pressão, um chuveiro com sistema BRUMA AirEcoDrop tem uma saída de água mais forte e dinâmica que um chuveiro normal.

Transforme o seu duche diário numa experiência de verdadeiro SPA.

The Bruma AirEcoDrop system saves 30% of water. When water is injected into the shower, air mixes with the water, releasing a large number of oxygen ions - 1 liter of water mixed with 3 liters of air. With the Bruma AirEcoDrop system you will experience a rainlike feeling whilst showering. With the same pressure, this shower has a stronger output and a dynamic flow than a standardized one.

This way you can turn your daily shower into a SPA experience.

Le système BRUMA AirEcoDrop fournit l'économie d'eau de 30%. Lorsque l'eau est injectée dans le douche l'air se mélange avec l'eau, libérant un grand nombre d'ions oxygène - 1 litre d'eau est mélangée à fond avec 3 litres d'air. Sentez-vous l'effet revigorant de pluie de glisser sur la peau.

Avec la même pression, une douche avec système Bruma AirEcoDrop dispose d'une sortie d'eau plus forte et dynamique qu'une douche normale.

Transformez votre douche quotidienne en un véritable SPA.

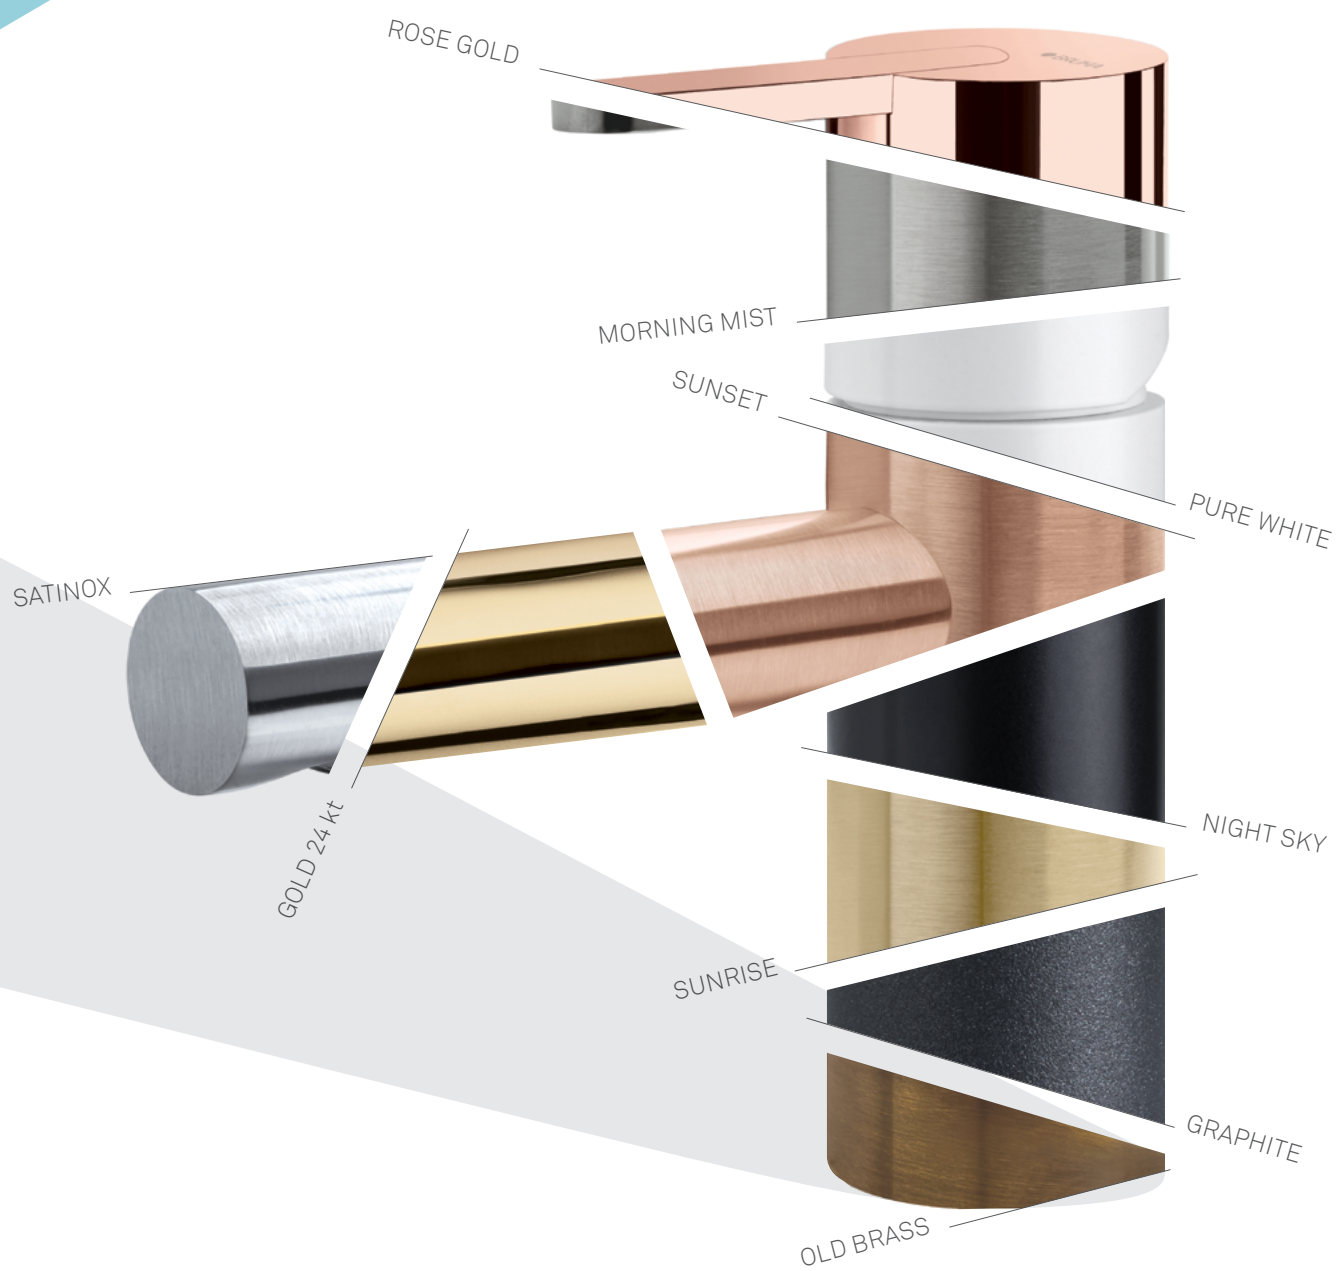

El sistema BRUMA AirEcoDrop proporciona un ahorro de agua del 30%.

Cuando se inyecta agua en la ducha, el aire se mezcla con el agua, la liberando un gran número de iones de oxígeno - 1 litro de agua se mezcla a fondo con 3 litros de aire. El agua que cae será cada vez mayor y se sienten cada vez más ligero. Siente el efecto vigorizante de lluvia a deslizarse sobre la piel.

isma presión, una ducha con sistema de BRUMA AirEcoDrop tiene una salida más fuerte y el flujo más dinámico del agua que una ducha normal.

Convierta su ducha diaria en una verdadera experiencia de SPA.

LUSITANO

Para a Bruma a poupança de água é, mais do que uma preocupação, é uma obrigação.

Todas as nossas torneiras estão equipadas com sistemas de controlo de caudal que, misturando ar com a água, transmitem a mesma sensação de conforto de um grande caudal, mas usando uma quantidade menor de água. A Bruma coloca ainda ao dispor dos gestores de projectos, diversas soluções à medida que permitem controlar o caudal ou temperatura da água, de acordo com as características, necessidades e aspirações desses mesmos projectos.

Desta forma, facilitamos e promovemos uma utilização racional da água e da energia necessária ao aquecimento da mesma. Isto traduz-se num acto de poupança de água, energia e dinheiro.

Somos o primeiro produtor português a desenvolver e promover torneiras em aço inoxidável com a preocupação de proteger o meio ambiente.

Os modelos Inox, que se destinam à cozinha, não transferem sabor ou elementos tóxicos para a água e são 100% recicláveis. São características principais do aço inoxidável a resistência, a fácil manutenção e o aspecto moderno.

For BRUMA saving water is more than just a concern, it is our obligation. All our faucets are equipped with systems that save water by reducing the water flow and by adding air to the water stream, while producing a soft touch and non-splashing sensation. BRUMA works closely with project managers, tailoring solutions specifically to the unique requirements of the consumer or characteristics of their project. By offering solutions for flowrate and hot water control, it's much easier to promote energy efficiency and a rational use of water.

Pour Bruma l'épargne d'eau est, plutôt qu'un souci, une question de devoir. Tous nos robinets sont équipés de systèmes de contrôle de débit, lesquels, en ajoutant de l'air à l'eau, proportionnent la même sensation de confort d'un grand débit, en utilisant, cependant, beaucoup moins d'eau. Bruma met encore à disposition des gestionnaires de projets, plusieurs solutions sur mesure qui permettent de contrôler le débit ou la température de l'eau, selon les caractéristiques, besoins et aspirations de ces projets. Ainsi, nous rendons facile et nous promovons une utilisation rationnelle de l'eau et de l'énergie nécessaire à son chauffage. Cela se traduit en épargne d'eau, d'énergie et d'argent.

Para Bruma, el ahorro de agua es, más que una preocupación, una obligación. Todos nuestros grifos están equipadas con sistemas de control de caudal que, al mezclar el aire con el agua, transmiten la misma sensación de confort de un gran caudal, pero utilizando una cantidad de agua que es menor. Bruma también pone a disposición de los directores de proyectos, distintas soluciones, a la misma vez que permiten el control del caudal o de la temperatura del agua, de acuerdo a las características, necesidades y objetivos de esos proyectos. Así, facilitamos y promovemos una utilización racional del agua y de la energía necesaria a su calentamiento. Resulta en un ahorro de agua, energía y dinero.

CONDIÇÕES GERAIS DE VENDA

Ao formalizar uma encomenda, o Cliente aceita, sem reservas, as condições gerais de venda:

Preços:

As encomendas serão consideradas aceites apenas após confirmação. Os preços são válidos salvo ruptura de stock ou erro tipográfico e podem sofrer alterações sem aviso prévio.

Preços sem IVA incluído.

Pagamentos:

As condições de venda especificadas na factura são inalteráveis. O atraso no pagamento implicará um acréscimo de juros e a suspensão de entregas, mesmo de encomendas já confirmadas. Nenhum pagamento pode ser atrasado no caso de alguma reclamação.

A mercadoria permanece propriedade da BRUMA Europa até ao seu pagamento integral.

Entregas:

Todas as informações relativas a prazos de entrega são previsões, não havendo lugar a eventuais pedidos de indemnização por quaisquer atrasos. Não são aceites devoluções sem prévia autorização da direcção comercial.

Transporte:

Para encomendas, entregues em Portugal continental, de valor inferior a 250 euros, acrescem os custos de transporte.

Reclamações:

A BRUMA Europa considera as encomendas como definitivamente aceites pelo cliente, 8 dias após a sua recepção.

Passado esse período, não serão consideradas reclamações referentes à quantidade dos artigos entregues. Nos produtos instalados em locais públicos, a garantia é a indicada pela lei em vigor.

A BRUMA Europa reserva o direito de modificar, suspender ou descontinuar artigos, acabamentos e encomendas sem que o cliente possa exigir qualquer indemnização.

A presente tabela anula e substitui as anteriores.

SALES' GENERAL CONDITIONS

Whenever a client formalizes an order, he/she accepts, under any circumstances, the following sales' general conditions:

Prices:

These table prices can be changed without previous announcement. Orders are only considered when confirmed. Prices do not include VAT and are valid while supplies last, except in case of stock shortage or typographical error.

Payments:

Payment conditions, which are specified in the invoices, are changeless. Any delay concerning the invoices' payment will lead to incomes' payment. Any payment out of the agreement conditions will give BRUMA the right to suspend goods' delivery, even if the orders were already accepted. Any payment cannot be delayed in case of complaints. Goods are BRUMA's property until the total invoices' payment.

Deliveries:

Delivery prompts will always be foresights; clients cannot demand any indemnity from BRUMA for any orders' delivery delay. Restitutions are not accepted, except those which were previously agreed with the commercial area.

Complaints:

Any complaint concerning product's quantity must be done till 8 days after the order's reception. After that, BRUMA assumes the goods as definitely accepted. BRUMA reserves the right to make changes, either in goods or finishing, and to cancel or suspend the production of any of its goods and/or orders – clients cannot demand any indemnity for the above reasons.

For all products installed in public use locations the warranty is as stipulated by the laws in force.

BRUMA reserves the right to make changes or modifications, or to discontinue any product in the BRUMA line without prior notice.

The current price list revokes and replaces the previous ones.

CONDITIONS GÉNÉRALES DE VENTE

Pour formaliser une commande, le client accepte, sans aucune réserve, les conditions générales de vente suivantes:

Prix:

Les prix de cette liste peuvent être modifiés sans préavis. Les commandes sont considérées comme telles, seulement après la confirmation de celles-ci.

Les prix sont sans TVA incluse et sont valables, sauf rupture de stock ou erreur typographique.

Paiements:

Les conditions de paiement spécifiées sur la facture ne sont pas modifiables. Le retard du paiement des factures après date stipulée, générera le paiement d'intérêts. Le paiement, en dehors des conditions accordées, donnera le droit à BRUMA de suspendre les livraisons de marchandises, même si les commandes ont déjà été acceptées. En cas de réclamation, le paiement des factures doit quand même être effectué. La marchandise reste la propriété de BRUMA jusqu'au paiement total de toutes les factures en cours.

Livraisons:

Les délais de livraison seront toujours prévisionnels. Le client ne pourra, en aucun cas, exiger une indemnisation pour le retard de la livraison de la marchandise commandée. Nous n'acceptons pas d'annulations de commandes qui ne soient pas en accord avec le département commercial.

Réclamations:

Toutes les réclamations en relation avec la quantité des produits livrés, devront être effectuées jusqu'au 8^e jour après la réception de la marchandise. Après cette date, nous considérerons la marchandise comme définitivement acceptée.

BRUMA se réserve le droit d'effectuer des changements aux produits ou finitions des mêmes et à annuler ou suspendre la production de tous ses produits et/ou commandes.

Pour tous les produits installés dans des locaux à usage public, la garantie est celle indiquée par la loi en vigueur.

BRUMA se réserve le droit d'effectuer des échanges ou des modifications ou de discontinuer des produits sans avis préalable pour tout produit de la gamme BRUMA.

Cette liste de prix annule et subsitue la précédente.

CONDICIONES GENERALES DE VENTA

Al formalizar un pedido, el cliente acepta, sin reservas, las siguientes condiciones generales de venta:

Precios:

Los precios de esta tarifa pueden ser alterados sin previo aviso. Los pedidos son considerados como tal, solamente después de la confirmación.

Los precios son sin IVA incluido y válidos, salvo ruptura de stock o error tipográfico.

Pagos:

Las condiciones de pago especificadas en la factura son consideradas como inalterables. El retraso en el pago de las facturas causará el pago de intereses. El pago fuera de las condiciones acordadas, dará el derecho de suspender las entregas, incluso de pedidos eventualmente aceptados. Ningún pago puede ser atrasado por causa de alguna reclamación. La mercancía seguirá siendo propiedad de BRUMA hasta el pago total de las facturas.

Entregas:

Los plazos de entrega dados serán siempre a modo de previsión no pudiendo el cliente exigir cualquier indemnización por retraso en la entrega del pedido. No se aceptan devoluciones que no hayan sido previamente acordadas con el departamento comercial.

Reclamaciones:

Todas las reclamaciones referentes a la cantidad de los productos entregados, deberán ser efectuados hasta 8 días después de la recepción del pedido. Después de esta fecha damos la mercancía como definitivamente aceptada.

Para todos los productos instalados en lugares de uso público, la garantía es la indicada por la legislación vigente.

BRUMA reserva el derecho de efectuar cambios o modificaciones así como de discontinuar productos sin previo aviso, en cualquier producto de la gama BRUMA.

La presente tarifa anula y sustituye a las anteriores
